

Mably Diary 1850 - 1950

Part 4 (Conclusion)

Polzeath WI and Trebetherick WI merged in 2008 to form Trebetherick and Polzeath WI. In the archives of Polzeath WI was a handwritten scrapbook based on a Mably family diary covering the period 1850 to 1950. We believe that the scrapbook was prepared for a WI competition but we are not really sure. It makes fascinating reading and we have decided to serialise it in Link. The photographs are scanned copies of those in the scrapbook. We have not changed the spelling, punctuation or grammar - what you read here is exactly as per the handwritten version. This material is copyright and must not be reproduced elsewhere without the prior permission of the Link Committee and Trebetherick and Polzeath WI.

1913

A Post-office is opened at Polzeath in the old count house by Mr F Male with a stock of £5 worth of stamps and postal orders, and he invested himself in £4:10:0 worth of sweets. He started with a guaranteed Post-office salary of £20 per annum. This Count or 'Account House' which, as

Original caption reads: Count House, Chapel, Beach Cottage. Polzeath.

its name implies, was the first office of the local Trewiston Mine in the 1860's when it stables below and a Wagon house next door.

In the 1870's the 'Account House' was used as a play room for the occupants of the pleasure house next door.

Mrs MacMillan remembers playing in it, when she was a little girl.

On Easter Sunday 1884 it saw the first the first gathering under the leadership of Mr John Mably of a group of Methodists who moved to their own building opposite it in 1898.

Jonathan Buse dies. He was a grand old man and beloved by all. We will miss his little red flag which he hoisted in front of his Cottage on Sundays, just to show folk that he knew when it was a Sunday.
We have two lovely Models of Boats, which he so liked making. We will miss his Tales about the old days, the wrecks, the rum and the song of the mermaids, whom he said he had definitely seen.
He is not the only one who has seen and heard the Mermaid's "but it is only the Cornish folk who can hear them on a lonely Summer night, on a rising Spring-tide splashing in the water and catch a peep of them combing their hair and playing 'Sweet Music.'

All the houses generally only occupied during the season were occupied Summer and Winter. First aid classes were organised.

There is great excitement in Polzeath, as Ann Todd and Norman Wooland arrive to make part of the film 'Madelaine' on the Beach.
